

**MT&FA INC
RENEWAL OR NEW MEMBERSHIP 2022**

The Middleton Town & Foreshore Association has the following objectives:

To help preserve and enhance, and to promote the preservation and enhancement of:

- (a) The natural environment within the Middleton area, including in particular its beaches and foreshore;
- (b) Middleton's built environment, including in particular its heritage buildings and small-town character, to the extent that this is consistent with object (a) above; and
- (c) The social cohesion of Middleton's community, including through interaction, the provision of information and participation in the Association's activities.

We as residents in Middleton have invested in our homes because of the amenity and quality of life in this Ward. It is important that we preserve that amenity and must have a strong and collective voice to ensure that we have good communication and obtain successful outcomes for our Ward from the Alexandrina Council.

We encourage you to become a member and participate or at the very least be on the mailing list to get all communications from the MT&FA and keep abreast of Ward developments.

Privacy: We will respect and preserve your privacy and will not divulge membership details to any third party, including the Alexandrina Council, as per Federal Government privacy legislation.

**2022 Annual Fee \$10.00 for all
(This is a family membership, you can have 2 email addresses)**
